### PRODUCT DESCRIPTION

Manufacturer: Joke Folienschweißtechnik GmbH

Model: Fermant 40 NC 2M T

Type : Vertical impulse sealer for thermoplastic tubes

Input voltage : 230V alternating current 50/60 Hz

Connected power 1.800 VA

Dimensions (W x H x D): 700 x 260 x 330 mm

Supply voltage: 230 V, 50/60 Hz

Fuse protection: 16 A

Weight: 40 kg

Power characteristics :

Seal length: max. 400 mm

Film width: 400 mm

Film width on rolls: 400 mm

Permissible film width with cutting device fitted: 400 mm

Sealing power, two heated bars: 2x max 0.4 mm PE

Sealing voltage: 20 V

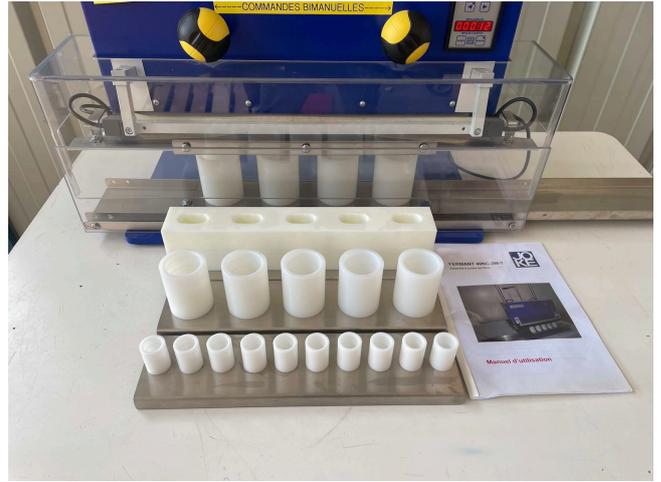

Applications :

Manufacture of small series or trial runs

Cosmetic products

Medical and pharmaceutical products

Veterinary products
